TOTO

This image shows the high back Toto chair on a 4 leg powder coated steel base.

Designed by Mark Gabbertas

Combining style and versatility Toto is a family of multi-purpose chairs. Ideal for the demands of the modern workplace, the range is suitable for meetings rooms, breakout areas, dining areas and hospitality environments.

Toto's contoured form creates a graceful profile and features significant attention to detail in the twin stitch upholstery.

The range consists of a polished aluminium 4 star swivel base, chrome 4 leg frame, European Oak 4 leg frame with white chassis and polished 5 star swivel base with tilt mechanism. Toto is available as a high or low back chair.
