

### 1. Choose Your Model

The first part of building the product code is to select the seat model of the furniture that you require.

In our example, we are specifying a Myriad 2 seater unit, in 'Two-tone Option 1' (MYR/2/B/TT1)

In this case, we want a grade 3 outer fabric with a grade 5 inner fabric.

**Unit Price: \$3,830**

### 2. Select Your Options

Next you need to select the leg finish. Black, White or an Oak lacquered finish. In our example, we would choose white legs with suffix 'W' to specify a white legged option.

The final unit product code for this specification would be 'MYR/2/B/TT1/W'.

**Options Cost: \$Included**

#### Aluminum Leg

#### Tubular Steel Leg

#### Steel & Wooden Leg

### 3. Optional Extras

From here you can add any options such as tables, screens or arm rests. These feature separate product codes which you add separately to your order.

For example when adding an Oval linking table in Laminate, you would add the code 'MYR/A/TAB/OV/Laminate'.

**Extra Cost: \$502**

See arm options
